Application by Prosecutor

The evidence presented during trial COJ-07-23-0001 indicated that the actions of the four (4) accused in that trial was largely supported and facilitated by the individual and collective actions of those men and women who acted in the roles of Members of Parliament (MPs) within the 53rd New Zealand Parliament.

On September 7th, 2023, application was made to summons the one hundred and eighteen (118) MPs to appear before the Court at Confirmatory Hearings where the Prosecutor would present evidence to substantiate charges being laid against individuals for alleged breaches of Tikanga resulting from crimes defined and articulated within the Statute of Waitangi (the Statute).

The applications were approved. Summons were issued on September 7th, 2023, for a Confirmatory Hearing on September 24th, 2023.

Confirmatory Hearings

On September 24th, 2023, at a Confirmatory Hearing, Te Kaunihera Ture Tiakitanga/Chair of the Law and Protection Council heard the Prosecutor outline the evidence to substantiate the charges. Since there was no appearance by any of the accused an Officer of the Court acted as proxy to ensure their rights, as per the Statute, were observed.

The Chair of the Law and Protection Council decided that:

“sufficient evidence exists that establishes substantial grounds to reasonably believe that each of the defendants committed each of the crimes of which they were accused.”

Since the evidence referred to included that which a jury had accepted in COJ-07-23-0001 proved beyond reasonable doubt that the accused had committed crimes broadly similar in scope and detail to the charges laid against each of the accused in each of the cases COJ-09-23-0001, 2,3,4,5 & 6 application was made by the Prosecutor to proceed to immediate trial by tribunal.

The application was accepted, and the Court adjourned.

Trial by Tribunal

On September 24th, 2023, the Court re-convened. As no response from any of the accused was received, the decision was made to try them in their absence.

A three (3) member Tribunal comprising Te Kaunihera Ture Tiakitanga/Chair of the Law and Protection Council as Chair, the Vice-President of the Court responsible for oversight and observance of tikanga and a member of Hou Hunga Rongo.

The Prosecutor outlined four Course of Action (CoA):

- Abrogation of authority from Te Wakaminenga to act with acquired legislative authority which was then enhanced by declaration of State of National Emergency;
- Acquiring through Advanced Purchase Agreements mRNA technology;
- Amending the normal evaluation process by Medsafe for a medicine or vaccine in collusion with Pfizer to accept their submission for the Pfizer/BioNTech BNT162b2 Comirnaty COVID-19 vaccine;
- Participating in a sustained marketing campaign to form a perception within the New Zealand public that the mRNA technologies were vaccines that were 'safe and effective'.

The evidence presented included documents obtained either as result of proactive release or following OIA requests, as per the summary of COJ-07-23-0001. In addition, evidence substantiated the allegations that each of the accused had abrogated authority to act in the role of an MP of the 53rd New Zealand Parliament.

The Tribunal were satisfied beyond reasonable doubt that the accused acting individually and collectively had breached Article 6 of the Statute of Waitangi and by so doing had also breached Tikanga through their support and facilitation of the NZ crown Government's COVID-19 response.

The matter was then passed to Hou Hunga Rongo and on September 25th, 2023, each of the convicted criminals were informed of the Tribunal's decision and that the matter had been passed to the Hou Hunga Rongo

Decision of Hou Hunga Rongo

The Hou Hunga Rongo met several times following the convictions to reach a determination of what measures they considered would take account of the severity of the crimes and have prospect of restoring the peace.
