Mr President

RE: Letter of Congratulations from the Federal Government of the Union of The United Tribes of New Zealand to the 47th President of The United States of America.

The Wakaminenga Maori Government of Nu Tireni, New Zealand, 1983, send our sincere congratulations on your attainment to the high office of the 47th President of the United States of America on 20 January 2025.

It is with much anticipation and joy that we celebrate your inauguration into the 47th presidency of the Union of the United States of America along with First Lady, Melania Trump, Vice President J D Vance, Second Lady Usha Vance your families and the American People.

The Wakaminenga Maori Government Administration team and I acknowledge you as the leader of the free world and thank you with all our hearts for the sacrifices you have made, risking your life, enduring lawfare and both Deep State & far left hatred while you restore America and the Western world to our traditional ways of living, of Christian values and free trade that was almost destroyed by woke ideology and the Deep State.

In my role as the Prime Minister of the Wakaminenga Maori Government, I represent Maori indigenous New Zealanders, the descendants of British settlers known as Kiwi New Zealanders and the many lawful migrants who have transitioned to New Zealand's founding, true and original constitutional, first nation jurisdiction of He Wakauputanga 28 October, 1835, also known as the New Zealand Declaration of Independence, recognised internationally by England, France, the United States of America, among many other nations, & is listed as the

legal authority in New Zealand by the United Nations UNESCO. [The Declaration of the Independence of New Zealand – Archives New Zealand](#)

US congressional records still list He Wakaputanga as the legal jurisdiction in New Zealand.

James Clendon was the first American Consul appointed in 1838 to New Zealand, he also signed as a witness to our Declaration of Independence.

The unextinguished Declaration of Independence declares the original authoritative government to be the Wakaminenga National Congress of the **Sacred Confederation of Chiefs** who are the sole, exclusive and lawful sovereign of Nu Tireni, New Zealand, absolutely without reservation and independent of the occupying New Zealand defacto Government

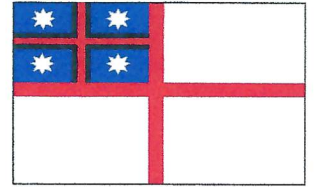

In 1840 the native Maori Chiefs were coerced into signing a treaty with the British Crown known as the treaty or tiriti (Maori language translation) of Waitangi, a failed attempt to take New Zealand's sovereignty that was entrusted by the Maori tribes to their Chiefs, however it has been used by the New Zealand Government to maintain their unlawful power and control over our land and resources.

The American constitution provided the model upon which the Maori Chief's created New Zealand's first and only written constitution in order to claim their existing independence at the time, establish lawful government, and to unite all New Zealanders living within our free and prosperous economy.

Since the signing of the 1840 treaty or tiriti of Waitangi, the Maori people and New Zealanders have suffered many injustices at the hands of the British Crown and the New Zealand defacto government.

These injustices are ongoing, especially in relation to global governance & reserve bank debt which the false New Zealand government has bought into notwithstanding interference with our health sovereignty during the Covid 19 mandated vaccination period from 2021- 2023 in which many New Zealanders suffered death and injury from the mRNA spike protein, that was promoted by big Pharma and governments worldwide as safe and effective.

Having reinstated and activated Maori sovereign government in the early 1980s we are now well placed to remedy injustice in New Zealand by way of our constitution of He Wakaputanga and statutes, prosecuted in our Supreme Sovereign Court of Restorative Justice, Te Kooti Wakanganui Ho Hou Te Rongo (Maori translation).

Finally, as you and your government proceed to make America Great Again, & as a result also to make much of the world great again, we would welcome open dialogue on what are a long set of closely aligned goals, and to investigate the many options of mutual benefit between our sovereign native Federal Wakaminenga Maori Government Administration, and the Federal Government of the United States of America.

We pray for your protection and blessings from God, Creator of all things, including the protection and safety of First Lady Melania Trump, Vice President J D Vance, Second Lady Usha Vance, all of your families and the incoming Federal Cabinet.

Heoi ano

Yours sincerely
